Southborough Primary School

April 2019

Book Fair

As a result of a very successful book fair, Southborough School earned £979.43 in Scholastic Book Rewards. This worked out at approximately £65.30 per class. The brochure was sent around the individual classes, so they had ownership of which books they'd like to buy. Well done and thank you!

Book week

I think it is fair to say, that the children (and staff) had great fun during book week. We celebrated our love of books and shared our favourite stories. Below are just a few things we took part in.

Decorating our doors

As part of book week, we decorated our classroom doors to portray a book we have been learning about or our favourite book to share. School council toured the school and chose Willow Class and Traveller's Joy as the winners of the door competition.

Random Read

The Random Read was very entertaining, and very hard to choose winners from. We had children reading in tree houses, whilst playing games, whilst taking their dog on the bus and even reading in wheelbarrows! The pictures will soon be displayed in our library.

Sam Copeland

Wow, what an author! Sam Copeland visited Years 1, 2, 3 and 4. He performed a very engaging assembly promoting his new book 'Charlie changes into a chicken'. The children loved finding out interesting facts, and taking part in the world cup of disgusting creatures. The children were fortunate to be able to purchase his book, and have him sign their copy too.

Library monitors

Last term, we were on the hunt for library monitors. There were some inspiring job applications, and the following children were chosen to monitor our library. From Bluebell class we have Ryan W and Paulina. From Primrose class we have Grace, Olivia, Isabella D, Jidechi, Mollie, Ellie H and Hepsy. They have done a fantastic job so far, keeping the shelves tidy and cataloguing the new books we have been fortunate enough to buy.

Whenever you read a good book, somewhere in the world a door opens to allow in more light.
